

PRESS RELEASE

October 2012

**All I Want for Christmas is...
A Little Something From SenSpa**

Christmas has always been a time for relaxation, luxury, treats and a whole heap of indulgence, while spending quality time with those closest to us. Now you can make this Christmas extra special for your loved ones with the new gift range from the multi-award winning team at SenSpa in The New Forest.

The range includes candles and wax melts, combining eight, organic, essential oils that have been carefully selected before being blended to create an uplifting spa experience reminiscent of that found in the exotic east. Containing the essential oils of lime, may chang, mandarin, bergamot (bergapten free), lemon, basil, geranium and palmarosa, all certified organic ingredients, the resulting experience will leave you feeling relaxed and refreshed, just what's required after the fun of the festive period.

Having recently been voted 'Best Spa in the South' by the Good Spa Awards, the new range allows customers from around the country to sample a little piece of the delights of what's on offer at Carey's Manor Thai-themed SenSpa.

Lina Lotto, Spa Director at SenSpa, Careys Manor tells us why the range makes an ideal stocking filler;

*“The new beautifully presented gift range from SenSpa is small but packed full of essential oils making an ideal stocking filler. **What better** way to treat your partner or friend this Christmas, than having the luscious scents of the east and an essence of the tranquil, serene settings of our award winning facilities, in your own home?”*

To use, simply place the wax melts onto a burner, lighting an unscented tea light below. As the wax melts the wonderful aroma will be released, creating the desired relaxing environment. The candles offer the same blends of essential oils and provide an identical experience but in a handy candle form.

For more information on the new gift range or to experience some of the fantastic facilities at Careys Manor & SenSpa please visit www.careysmanor.com or call 01590 623551.
